Profile

I'm a recently graduated student from Academy of Art University, I am actively seeking a new position to help me step into the industry. As I continue to advance my current skills, I am looking to further advance that because I love to explore and learn new things. I am a patient person, self-motivated, and organized. Therefore, I am ready to take on any challenge that comes forward. Message me to learn more about me, and you will discover more about and my advantages.
